DRIVESOFT / SINCE 1999

One build. One control center.

FEATURING SAMSUNG GALAXY · TABLETS / PHONES / WATCHES

Music. Lights. Pumps. Show control. Bring supported equipment into one DriveSoft interface, with coordinated development and a common support path for your DriveSoft system.

DEVELOPMENT PREVIEW / COMPATIBILITY CONFIRMED BY RELEASE

Six balanced audio outputs.

Front L/R, rear L/R and sub 1/2 in the compact connection plan. EQ, crossover, level, polarity, delay and saved profiles. Power amplifiers are separate.

Connections that go beyond audio.

Plan: TOSLINK, Ethernet, two HDMI outputs, two USB data ports and three amp remotes. Camera, microphone, AUX and HDMI-input paths require their own interfaces.

12 outputs. 15 A per feed.

DriveSoft power-control option for compatible lighting and equipment. RGB groups, color, brightness and modes through suitable interfaces. Hardware sold separately; total load limits apply.

Your workspace. Your connections.

Apps, cameras and vehicle data in one workspace. Planned GPS, Wi-Fi/Bluetooth external antenna connections; Starlink via a compatible vehicle network. Antennas and service supplied separately.

Pumps. Lights. Run the show.

Bring compatible pumps, air ride, lighting and accessories together. Develop timed media and equipment scenes with saved settings and clear start/stop controls.

One platform. Room to grow.

Dealer Sound Room control is included in the dealer offering. Pro members get early looks at planned home creations. See the full connection list and Alpine comparison online.

TEAM N-TENSE PRO STAFF

Source Unit 1: $1,899.95 retail | $1,500 for active Pro members.

$399.95 member saving. Pro membership is separate. Keep using your purchased hardware and installed local functions if you do not renew; subscription-based support and online services require active access.

$25 software: three supported devices plus companion watch access. Optional membership: $5/month. Pro: $299 for year one; optional $99/year renewal. Hardware and specialized services are separate. Details and release availability online.
